Welcome to New York Open for Business

Last year, Governor Cuomo created 10 Regional Councils to develop long-term strategic plans for economic growth for their regions. A key component of Governor Cuomo's transformative approach to economic development, these councils are public-private partnerships made up of local experts and stakeholders from business, academia, local government, and non-governmental organizations

Last year, as part of a process that awarded \$785 million for job creation and community development, the Regional Councils produced innovative plans that truly reflect the distinct characteristics of each of the 10 regions of our great state.

New York is keeping the momentum going with a second round of funding this year for the Regional Councils, including \$220 million to implement regional strategic plans.

The Regional Councils have redefined the way New York invests in jobs and economic

Minority and Women Owned Business Requirements

For the first time, model MWBE language now exists to standardize MWBE provisions in RFPs and contracts, including Regional Council awards.

Governor Andrew Cuomo signed Executive Order #8 establishing a team to explore ways to expand participation of Minority and Women Owned Businesses (MWBEs) in State contracts

All Regional Council awards will contain language ensuring awardees are pursuing the funding agency's 20+ percent goal of MWBE participation in grantee RFPs and sub-contracts.

WELCOME

As part of Governor Cuomo's transformative plan to improve the state's economic development model, a NYS Consolidated Funding Application (CFA) has been created that will streamline and expedite the grant application process. The CFA process marks a fundamental shift in the way state resources are allocated, ensuring less bureaucracy and greater efficiency to fulfill local economic development needs.

Utilizing the CFA serving as the single entry point for access to economic development funding, applicants will no longer have to slowly navigate multiple agencies and sources without any mechanism for coordination. Now, economic development projects will use the CFA as a support mechanism to access multiple state funding sources through one application, making the process quicker, easier, and more productive.

To proceed with your CFA, please use the "Proceed With Application" button below.
