

**Southern Tier Regional Economic Development Council
COMMUNITY FORUM
Ithaca, NY
September 29, 2011**

Technology Transfer and Development

- Clean, sustainable, green
- Scalable small D.G. (solar in home and business versus utility scale)
- Fund smaller scale businesses (SBIR match)
- Include community colleges
- Incorporate climate change (L.C.) Life Cycle Triple Bottom Line in review of technologies and apps. (FILTERS)
- Bio-product development
- Technology evaluation complex – (Commercialization focus on testing)
- Focus on local manufacturing to support local needs (regional self sufficiency)
