## Composite Manufacturing

### PactLam® rotor slot insulation

- Outstanding dielectric properties
- Exceptional flexural properties
- Durable laminate construction

### PACTomite® advanced composite systems

- Exceptional strength and toughness
- High-temp cryogenic usage
- Low-temp cryogenic usage
- Resist corrosion
- With excellent dielectric and thermal aging properties

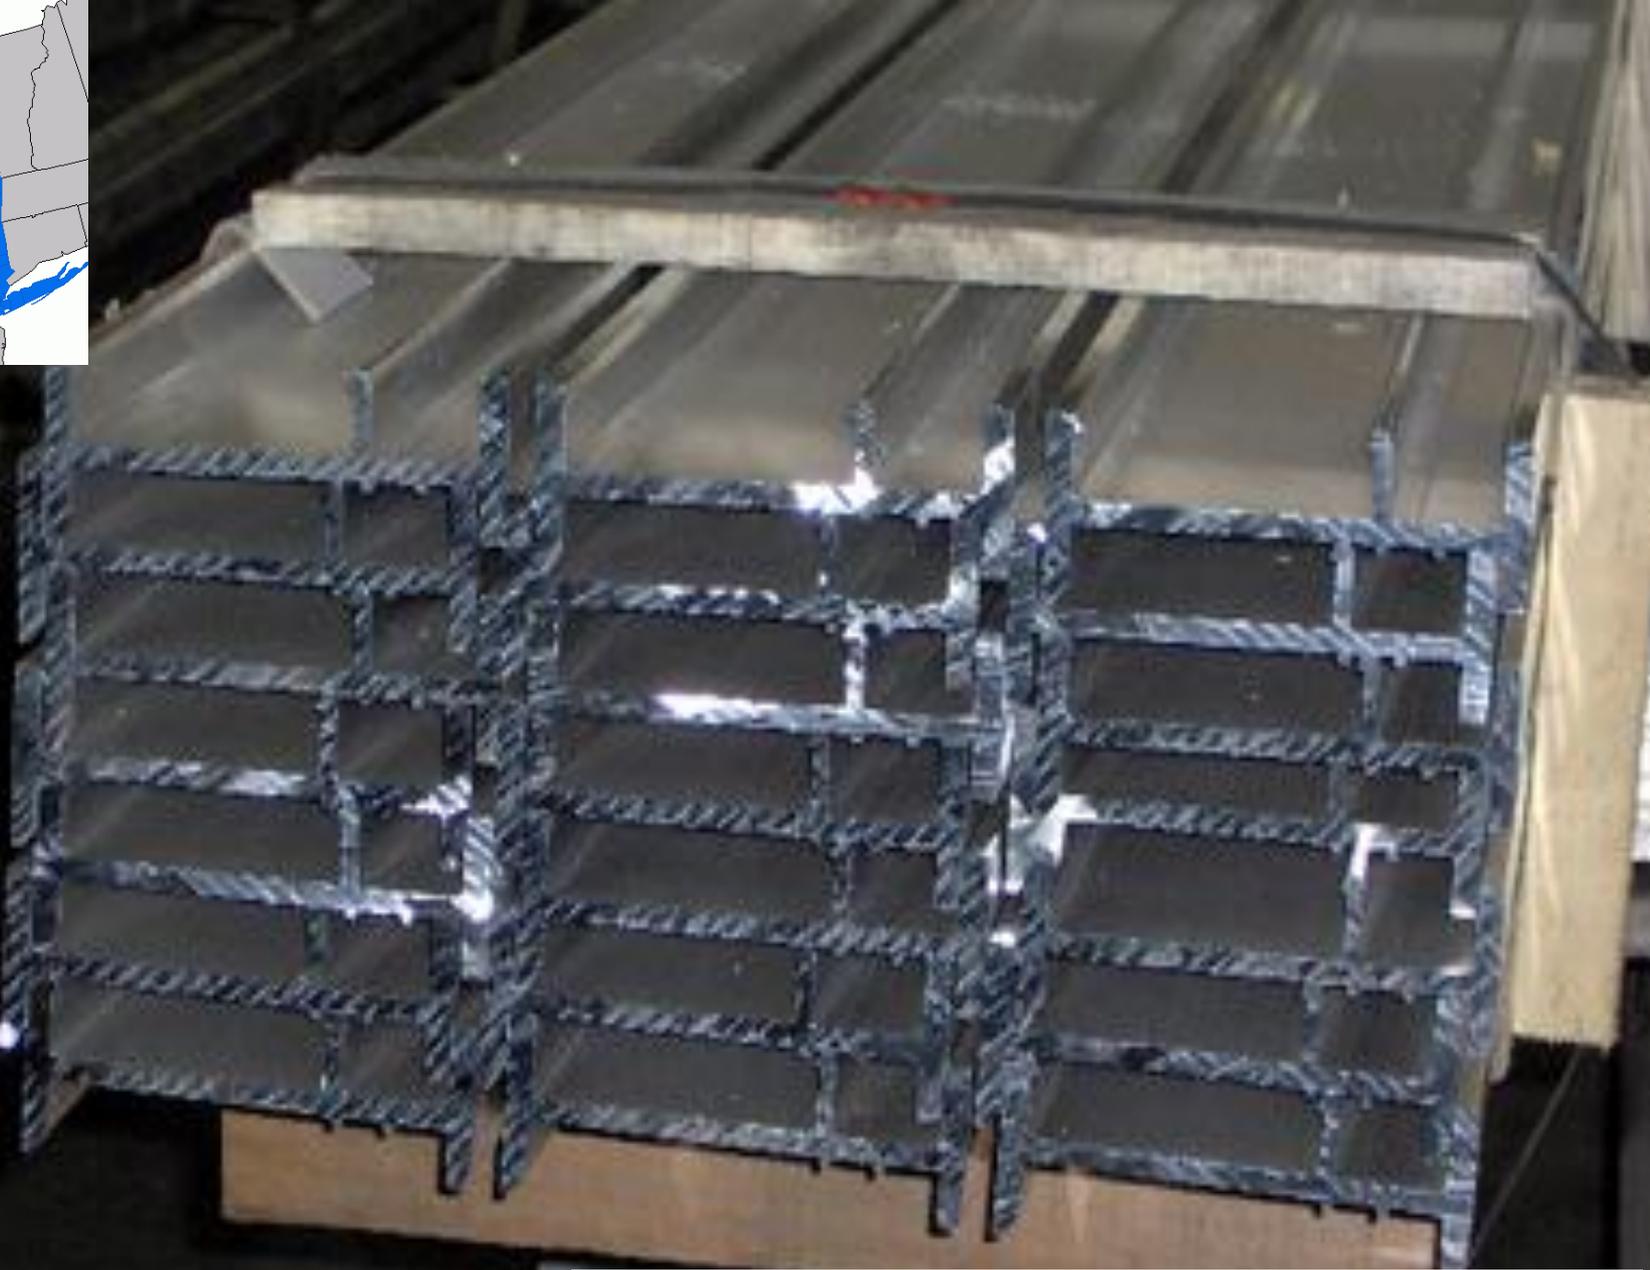

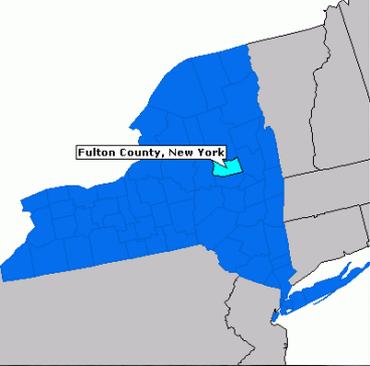

### Generator Rewind Kits

typical replacement parts for rotors and stators

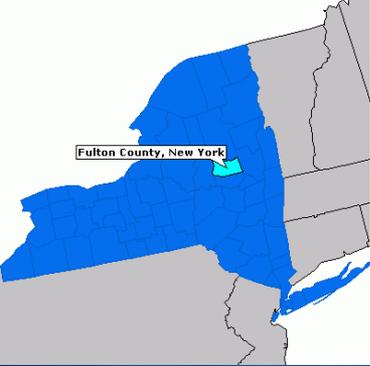

- Reverse engineering
- Rapid delivery
- Experienced generator design engineers with state-of-the-art materials
- Rotor field coils, collector assemblies and copper connectors
