WORK GROUP UPDATES

SMART GROWTH

WNY REDC

Smart Growth Scorecard

How will we measure success?

**Smart Growth Coordinating Council
Update to the WNY Regional Economic
Development Council
July 11, 2013**

Smart Growth Scorecard

Online Tool for assessing project impacts

- Planning tools that aid local, regional and state jurisdictions to make better project-level decisions to achieve Smart Growth principles
- Adopt measurable criteria to gauge a project's potential for advancing a region's objectives for Smart Growth
- When designed effectively, they promote intersection of community goals, the project site's opportunities and the developer's economic viability

Smart Growth Scorecard

WNY REDC Smart Growth Tool Concept

- Identified as a priority through the Smart Growth Working Group
- Researched best practices, created a draft scorecard, reviewed and refined by Working Group
- WNY Sustainability Plan process worked to collect many key datasets for 5-county region
- Opportunity to support integration of scorecard with online GIS tools through **One Region Forward**

Scorecard Timeline

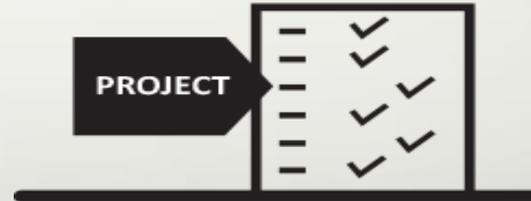

Criteria Finalization

JUNE – JULY 2013

Determine project types for CFA review and finalize criteria

Beta web tool construction

JULY 2013 – AUGUST 2013

Collect and organize geographic data

WNY REDC
Smart Growth
Scorecard

Scorecard Criteria

1. Support Existing Communities

Does the project support the NYS Smart Growth Infrastructure Act and the WNY REDC's commitment to reinvest in downtowns, village main streets, and on brownfields?

2. Access and Mobility

Is the project accessible by public transportation or will it advance/embrace alternative transportation options (like biking or walking)?

3. Community Character and Vibrancy

Does the project support the unique local community character and heritage?

4. Environmental Stewardship

Does the project utilize green technology and/or avoid negative impacts on our landscape, waterways, or eco-system?

Support Existing Communities

Criteria	Type	Data currently available for:
1.1. Will the project be located on in a city or village?	Geographic	A, C, Ch, E, N
1.2. Will the project be located within a downtown area or a Main Street?	Geographic	A, C, Ch, E, N
1.3. Will the project be located in Brownfield Opportunity Area or a Local Waterfront Revitalization Program area?	Geographic	A, C, Ch, E, N
1.4. Will the project be located in an environmental justice area or a hardship area (Census Tract with a poverty rate of at least 20%)?	Geographic	A, C, Ch, E, N
1.5. Will the project require an extension of the water and sewer service?	Geographic	E, N
1.6. Will at least 50% of the project's perimeter border on an already developed non-agricultural parcel?	Geographic	A, C, Ch, E, N
1.7. How many service and amenities are within ½ mile of the project location?	Geographic	A, C, Ch, E, N
